

## § 17.90

(e) Unless the cost of care is charged at rates agreed upon in a sharing agreement as described in §17.102(e), the cost of hospital care and medical services provided under this section to an officer or employee of a department or agency of the United States (other than VA) or to a member of the Armed Forces shall be calculated in accordance with the provisions of §17.102(c) and (h). When individuals are responsible under this section for the cost of hospital care or medical services, VA will bill in the amounts calculated in accordance with the provisions of §17.102(h), without applying the exception provided in the first paragraph of §17.102.

(f) VA may furnish care and services under this section to a veteran without regard to whether that individual is enrolled in the VA healthcare system under 38 U.S.C. 1705 and §17.36 of this part.
